Assembly Instructions

DCS – Dean Companion Seat

List of parts in fixings pack

24 x 60mm Connecting Bolts

24 x 25mm Connecting Caps

2 x Allen Keys

4 x 90mm x 5.0 Screws

4 x 9-10 Surface Caps

1. Bolt 4 legs to the 2 armrests as shown in the photograph opposite using one 60mm bolt and 25mm cap. These should not protrude past the face of the armrest.
2. Using four bolts fix an assembled leg set to the right hand side of one seat and the left hand side of the other, making sure that the notch in the arm rest faces into the bench.
3. Fix two loose legs onto the opposite side of each bench in the same manner. Drop the table over these loose legs and bolt together. Now slide the two back rests into position and tighten all bolts after fixing these.
4. Last of all turn the bench over and screw the brace to the base rail of each seat using four 90mm screws.

When assembling, loosely bolt together until fully assembled then tighten all the bolts.
