

## Garden Furniture

HUTTON® garden furniture consists of an imaginative yet robust range of items that blend sympathetically into the garden. Designed for comfort and durability these products can remain outside all year round with minimal maintenance.

The timber is pressure treated in our own treatment plant to resist rot and decay, and the furniture is fastened together with plated bolts.

The commercial grade range is made from 50mm joinery grade redwood - our heavy duty range is made from 38mm joinery grade redwood.
