

The Classic Oak Range

Our selection of Oak barrels and tubs shown here form only part of a comprehensive range manufactured and sold by HUTTON® for over 30 years. Only Oak staving is used in our production process, thus ensuring top quality.

All metal hoops are hydraulically pressed in position and tenterhooked to prevent slippage. Special staples are used internally on each tub to minimise shrinkage.

Half Oak Barrel, stained

A36, A24, A20

Hoops pinned and painted black, available in 3 sizes:

A36 **Height** 560mm
Diameter 910mm
Weight 50Kg

A24 **Height** 410mm
Diameter 630mm
Weight 25.5Kg

A20 **Height** 330mm
Diameter 500mm
Weight 15.5Kg

Half Oak Barrel, plain B (not shown)

Hoops pinned and wire brushed

Height 410mm
Width 630mm
Weight 25.5Kg

Oak Barrel with cast iron pump D3

Height 1540mm
Width 540mm
Weight 66.5Kg

All measurements are approximate

Please Note:-

We advise that all wooden tubs should be kept moist / wet to prevent shrinkage until filled.

Due to the fact that barrels and tubs are individually made, slight variation in manufacture and specification may occur.

Half Oak Barrel, stained A36

Oak Barrel with lid fitted with cast iron pump D3
