

“Unrivalled combination of strength and style”

Malvern Bench MAL

Cotswold Bench COT

New products for 2012

Our new range of HUTTON® high performance products not only look good but will also stand the test of time.

All our products are handmade within our own factory, using timber sourced from approved suppliers and sustainable resources.

The timbers are also Tanalised® E pressure treated to protect against decay and fungal attack and to ensure a long and low maintenance service life.
