## Assembly Instructions

### WYC – Circular Picnic Table

#### List of parts in fixings pack

**20 x M8 95 Bolts**

**16 x M8 60 Bolts**

**20 x M8 25 Caps**

**2 x Allen Keys**

When assembling, loosely bolt together until fully assembled then tighten all the bolts.

**During the treatment process, some grain may be raised - you can enhance your table by a little fine sanding of the edges.**

1. Please allow enough time and be patient when assembling your table.
2. Sort out all components as sketch before you start.
3. Place the table top upside down on a flat surface, taking care to protect the top from scratching.
4. Take each leg in turn and assemble to top as shown on sketch, push caps into the leg, passing bolt through block and screw into leg. Do not tighten completely at this stage.
5. Repeat for all four legs.
6. Take the two cross rails (Type A) and fit to legs as shown in sketch.
7. Repeat for other two cross rails (Type B). Pass bolts through cross rails and legs into cap in outside of cross rail. Do not tighten completely at this stage. Note: Small rebates face inwards to support parasol.
8. Slot seats, face down, between cross rails and pass long bolts through rails and seat battens and screw into rail caps. Do not fully tighten at this stage.
9. Repeat for all four seats.
10. Select two braces and position as sketch. Pass a 60mm bolt through brace and screw into insert on seat.

*continued overleaf*
